

SIMS

Students in Ministry and Service

Students in grades 7-12 are invited to help in ministries throughout the church. SIMS allows a student to work through SHiFT Student Ministries to make a connection to the many areas of VNC listed below. SIMS does not take the place of a church service; therefore, we require that anyone volunteering must also choose a service to attend.

There are a few requirements that need to be met before one can volunteer in these areas, so please fill out this form, contact Pastor Eric (ericw@valponaz.org or 462-2751 ext 130) and he will help get you connected.
